February 16, 2018

To: All System Users,

The Picosa Water Board performed an assessment of our budget requirements for CY2018 and finds it necessary to adjust its' water rates for the current year. Attachment 1 provides system users the cost impact these new rates will have to the various levels of water consumption. The new rates will become effective on the April 2018 billing cycle.

As always, our water rates have been, first & foremost, calculated to support justifiable budget requirements, while also providing an equitable distribution of costs to all users of the system. We have always done this for the purpose of attaining your affordability.

The Board, who is here to serve, wishes to thank you for your continued support.

Thanks again.

Yours Sincerely

Eugene W. Raanes
Secretary/Treasurer
Picosa Water Supply Corporation
